Make Shopping Easy and Enjoyable. As you browse through this catalog, you will find page after page of great buys on nationally advertised brands for any occasion. There are thousands of values, some unusually low priced. They are marked with our **SEASONAL VALUE** and **TRU-SPECIAL** symbols throughout this catalog. These symbols are a sure sign of great money saving values. Shop by mail or visit our showroom with fine merchandise on display for you to see. Trained personnel are ready to answer questions and help you in every way possible. Come in and take advantage of our many services.

How To Order: Please order by catalog number specifying name of item, page number, description (color and size where applicable), quantity and coded price. Care in ordering will help us process your order quickly and efficiently.

Open Account Terms. are extended to firms that have established credit ratings with commercial agencies, such as Dun and Bradstreet, or to those who can furnish acceptable credit references.

New Customers. To expedite shipment of your credit order, please submit the names of 3 wholesalers with whom you are now doing business on an Open Account basis. Approximately 10 days are required for approval. If your first order is "Rush", please include a certified check or money order.

Factory Shipments. Some items are not stocked in our warehouse. If (F.O.B.) is included in the description of the item with the name of state in which factory is located, shipment will be made directly from the manufacturer to you. Orders for such items must be accompanied by payment in full, unless ordering by Open Account. We cannot accept C.O.D. factory orders.

Filing Claims. If there is outward evidence of damage or loss upon receipt of a shipment, **OPEN THE PACKAGE BEFORE SIGNING THE CARRIER'S DELIVERY RECEIPT!** Have the carrier indicate any damage on the receipt and immediately file a claim with the carrier. Write us at once reporting the damage or loss. **PLEASE DO NOT RETURN MERCHANDISE TO US WITHOUT AUTHORIZATION.** When authorization is granted, attach a short letter of explanation to the outside of the package you are returning. For your own protection, we advise that you insure all returns sent parcel post.

Returning Goods. Please do not return merchandise without written authorization. Returned items must reach us in resaleable condition in the original carton, along with the invoice. All transportation charges must be fully prepaid. We will reimburse all shipping charges on merchandise returned because of our error.

Sales Incentive Plans. This catalog, with its wide variety of merchandise is ideal for incentive plans. Our coded prices are easily converted into a point system with every cent of cost-price equaling one point. In order to win prizes desired, employees acquire sufficient "points." Businessmen have obtained remarkable results by providing incentive plans for their sales personnel. Employee efficiency increases when additional prize-awards are offered. For further information, write us. We will be happy to send you complete details explaining the Sales Incentive Plan.

Errors in Preparation of this Catalog . . . We take every precaution to reproduce colors as faithfully as modern hi-speed printing allows, and we try to describe merchandise accurately so you'll enjoy your at-home shopping. Should a typographical error be found, however, we reserve the right to correct it.

If a manufacturer makes a minor change in design, color or style you can count on us to send the latest model to you.

This is a Coded Catalog

Every item in this catalog has a catalog number with a coded cost as part of it. The coded cost is our price to you. As you see below, the coded cost appears in the digits immediately following our stock numbers and letters. Here is a typical catalog line as it appears under the description of each item in this catalog:

6551-ERE9997 \$159.95

ABOUT OUR FOOTLINES At the bottom of many pages in this new catalog, you'll find a message reading "Please see front of catalog for an explanation of list-reference prices." Here are the details.

NOTICE REGARDING "LIST-REFERENCE PRICES" —

The reference prices shown herein are the suggested list prices as recommended by the manufacturer, or where not available, our determination of comparable prices for similar merchandise. These reference prices are provided to you as a guide as to the range of selling prices available in the marketplace. They are often useful in identifying different units of the same manufacturer. The reference price is not our present or former price. This catalog is prepared in late fall and reflects price comparisons at the time of printing. It contains thousands of items and is distributed in various communities. Customary markups of retailers have been taken into consideration in our review of the reference prices of all articles. While we believe the reference price does not substantially exceed the highest prices at which substantial sales are made for the same or similar merchandise in the region in which the catalog is distributed, these prices do not necessarily represent prevailing prices of any particular article in any one community on any one day.

We believe it is to your (and our) advantage to be knowledgeable of existing price differentials; we suggest that you comparative shop and compare our prices.

ABOUT OUR SELLING PRICES We endeavor to price our items low and, when possible, we hold the low price for the duration of our annual catalog. However, major cost increases may necessitate a price change during the year — particularly for items made with gold or silver, which are experiencing wide fluctuations in world markets.

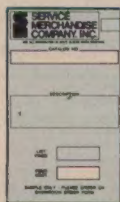

Customer Satisfaction through Merchandise that Carries the Benefit of the Manufacturer's Warranty.

We want you to be satisfied with every purchase you make from us. If you are dissatisfied for any reason, please let us know. We will make every attempt to correct the situation.

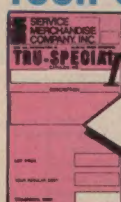

We try to avoid customer complaints by carefully assessing each item before we decide to include it in our catalog. No price leaders or items of questionable quality are sold as bargains.

You will find value on every page as we continue to offer the best merchandise for the lowest possible price. You may order with confidence from our catalog because we buy from known manufacturers who stand behind their merchandise.

YOUR SIGNS OF EXTRA SAVINGS

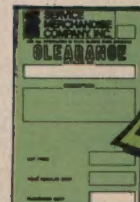

A Blue Display Tag identifies all items featured in the showroom at everyday low prices. This tag indicates the catalog number, the regular list or reference price and your cost on the item.

A "Tru-Special" Diamond and a Red Tag on the merchandise is your sign of great "money saving" values. Prices on this merchandise have been reduced even below our low coded prices, for a limited time.

The "Seasonal-Value" oval and a Yellow Tag on the merchandise points out timely, seasonal merchandise that is featured at "extra special" prices. It represents tremendous values to our customers.

The Green Tag is on items reduced for immediate clearance, normally items from our last catalog that are not in our new catalog. The prices are cut to give "super savings."

Truck Freight

Truck freight rates are based on weight, kind of merchandise and distance. All freight shipments are sent "Freight Collect" and you pay the agent on delivery. Shipments of less than 100 lbs. are charged at the rate of 100 lbs. The minimum charge is the rate for 100 lbs. of the highest rated article in the shipment. It rarely pays to ship by freight unless your order weighs nearly 100 lbs. or more. Items will be shipped to you by truck if not deliverable by Parcel Post due to size or weight restrictions. If your order must be shipped by truck, contact your local carrier for costs before placing your order.

On Freight Shipments: The freight company is responsible for loss or damage. Insist on a notation of loss or damage across the face of the freight bill, signed by the truck driver otherwise no claim can be enforced against the freight company.
